

Critique Guidelines

Chenyang Lu

Critique Requirements

- Half-page **critiques** of research papers
 - ❑ Back-of-envelop commentary - NOT whole essays
- We want to hear your **own** thoughts
 - ❑ Do not simply summarize the paper.
- Identify **open issues** and **limitations** of the paper
 - ❑ Think of yourself as a reviewer or a researcher on the same subject
- See [critique requirement](#) on the class web page

Points to Consider

- Are the assumptions reasonable and realistic?
- Is the solution practical?
- Any technical errors and limitations?
- Any problems with the experiments?
- Do the results support the claims?
- Any way to improve the work?
- How does the work relate to other topics?

Logistics

- Due by 10am on the class day
 - ❑ See the [schedule](#) page for due dates
 - ❑ Find papers in the [reading list](#)
- Submit on Canvas
